

scrap like the rest of them have to.

SENATOR VRTISKA: But if it comes out of a program that is a benefit for some of the people who are less fortunate than we are, do you think that would be appropriate?

SENATOR CHAMBERS: Well since you're...these are questions you said you wanted to ask Senator Moore. You know I'm not going to answer a question like that and say cut something over here for a program that is going to deal with hardware. You know I'm going to say hurt people.

SENATOR VRTISKA: The point of it is we're going to go ahead with this program and I guess the question I'm trying to find out is where do you think this money ought to come from if it is coming out of the general appropriations?

SENATOR CHAMBERS: Senator Vrtiska, you apparently didn't hear what I said from the very beginning when we started talking about these bills. We can raise taxes in a direct manner instead of this hidden way that we're doing now. We can raise taxes.

SENATOR VRTISKA: How do you propose...

SENATOR CHAMBERS: I've said that from the beginning.

SENATOR VRTISKA: Where do you propose to raise the taxes?

SENATOR CHAMBERS: We can raise the income tax.

SENATOR VRTISKA: Okay. One of the other points I think I wanted to make while we're on this discussion is I keep hearing about how we're going to have LB 330 come up and we're going to find some money for some of these programs and I think you indicated, Senator Chambers, that maybe when that comes up we could take funds that will be in that fund. Didn't you say that?

SENATOR CHAMBERS: I said that's one of the bills that it could join in scrapping for whatever they want to get.

SENATOR VRTISKA: Well you know what would remind me, I was just thinking while I was sitting here, 330 reminds me of when you give somebody that is irresponsible a credit card and they go
